Product Family	Product Name	Product Code	Product Description	List Price			
10 - Encoders - Software	DEVOS Software Encoder License	1110-ENSP-S0LC-0000	DEVOS Software Encoder License - enables DEVOS administrators to create the purchased number of Encoder Accounts on a DEVOS system. Accounts are portable which allows a DEVOS user to launch their Software Encoder on multiple computers. Each Account supports Streamsie PC, Streamsie MAC, Streamsie IOS, and OBS Plugin (Open System Broadcaster).	\$ 295.00			
15 - Encoders - Hardware	MANTIS HD Encoder	1200-ENMT-H000-0000	MANTIS HD Encoder - Appliance H.264 encoder, single channel. Input HDMI, DVI, VGA, Component, SDI, or composite. Supports live streaming and recording. Integrates with Discover Video systems and services, and can also be used stand-alone. 1 year return-to-factory warranty.	\$ 695.00			
15 - Encoders - Hardware	Scorpion 1 Channel Encoder CARD	1420-ENSC-HC01-0000	Scorpion 1 Channel IPTV Encoder Card- single-channel streaming/encoding card for use in single or multi channel Chassis. Scorpion can live stream one channel in H.264 up to HD resolution. Includes multiple bit rate encoding capability. Scorpion has one HDMI input with analog audio (3.5mm) and one Ethernet connections. Includes 1 year return to factory hardware warranty.	\$ 750.00			
15 - Encoders - Hardware	Scorpion 1 Channel HDMI Encoder	1420-ENSC-H001-0000	Scorpion 1 Channel HDMI IPTV Encoder - self-contained appliance, single-channel streaming/encoding system. Scorpion can live stream one channel in H.264 up to HD resolution. Includes multiple bit rate encoding capability. Scorpion has one HDMI input with analog audio (3.5mm) and one Ethernet connections. Includes 1 year return to factory hardware warranty.	\$ 995.00			
15 - Encoders - Hardware	Scorpion 1 Channel SDI Encoder	1420-ENSC-H0S1-0000	Scorpion 1 Channel SDI Encoder - self-contained appliance, single-channel streaming/encoding system. Scorpion can live stream one channel in H.264 up to HD resolution. Includes multiple bit rate encoding capability. Scorpion has one SDI input with analog audio (3.5mm) and one Ethernet connections. Includes 1 year return to factory hardware warranty.	\$ 995.00			
15 - Encoders - Hardware	Scorpion 4 Ch IPTV Encoder	1420-ENSC-H004-0000	Scorpion 4 Channel IPTV Encoder - multi-channel streaming/encoding system. Scorpion 4 can live stream up to 4 channels simultaneously in H.264 in HD resolution. Includes multiple bit rate encoding capability. 1RU chassis includes 4 HDMI inputs with analog audio (3.5mm) and 4 individual Ethernet connections. Monitor not included. Includes 1 year return to factory hardware warranty.	\$ 3,495.00			
15 - Encoders - Hardware	Scorpion 4 Ch SDI Encoder	1420-ENSC-H0S4-0000	Scorpion 4 Channel SDI Encoder - multi-channel streaming/encoding system. Scorpion 4 can live stream up to 4 channels simultaneously in H.264 in HD resolution. Includes multiple bit rate encoding capability. 1RU chassis includes 4 SDI inputs with analog audio (3.5mm) and 4 individual Ethernet connections. Monitor not included. Includes 1 year return to factory hardware warranty.	\$ 3,495.00			
15 - Encoders - Hardware	Scorpion 8 Ch IPTV Encoder	1420-ENSC-H008-0000	Scorpion 8 Channel IPTV Encoder - multi-channel streaming/encoding system. Scorpion 8 can live stream up to 8 channels simultaneously in H.264 in HD resolution. Includes multiple bit rate encoding capability. 1RU chassis includes 8 HDMI inputs with analog audio (3.5mm) and 8 individual Ethernet connections. Monitor not included. Includes 1 year return to factory hardware warranty.	\$ 5,995.00			
15 - Encoders - Hardware	Scorpion 8 Ch SDI Encoder	1420-ENSC-H0S8-0000	Scorpion 8 Channel SDI Encoder - multi-channel streaming/encoding system. Scorpion 8 can live stream up to 8 channels simultaneously in H.264 in HD resolution. Includes multiple bit rate encoding capability. 1RU chassis includes 8 SDI inputs with analog audio (3.5mm) and 8 individual Ethernet connections. Monitor not included. Includes 1 year return to factory hardware warranty.	\$ 5,995.00			
15 - Encoders - Hardware	Spider Encoder	1220-ENSP-H000-0000	Spider Encoder - Four channel HD H.264 appliance encoder. Streams and records 4 HDMI inputs plus one user configurable multi-input video for a total of 5 streams. Compatible with DEVOS, Arcus, or 3rd party streaming systems. Includes one year return to factory warranty. <a href="https://www.discovervideo.com/spider-encoder/">https://www.discovervideo.com/spider-encoder/</a>	\$ 4,495.00			
15 - Encoders - Hardware	Spirit 3	1210-ENSP-H003-0000	Spirit 3 -- Streaming/encoding system. Streams and records in H.264 format up to HD resolution. Loaded on a high performance Intel quad core (or equiv) tower PC. Supports up to two sources such as webcams, external video sources, and screen capture. Includes chroma key, text and image overlay, and live switching. Includes two (2) video inputs for HDMI, Component, Composite, S-Video, DVI, VGA, or HDSDI/SDI and analog audio. Includes keyboard and mouse. Monitor not included. Rack mount shelf can be ordered separately. Requires 5RU space when mounted on optional shelf. Includes 3 year return to factory hardware warranty. Includes one Streamsie Pro license for DEVOS or Arcus.	\$ 4,995.00			
15 - Encoders - Hardware	Venue	1501-ENVN-H000-0000	Venue - receives live video input from HDMI or VGA source and delivers low frame rate live images to viewers on their Smartphones, tablets, laptops, or other devices. It is ideal for delivering Powerpoint, web pages, or other desktop images as low frame rate video to local viewers mobile devices. Great for conference rooms, lecture halls, or similar venues. Requires keyboard/mouse/monitor (not included) for setup. 1 year return to factory hardware warranty.	\$ 2,995.00

2022 MSRP Pricebook

Product Family	Product Name	Product Code	Product Description	List Price			
30 - Media Server - Software	DEVOS - Software - Annual	3020-SVDE-SA00-0000	DEVOS Software Annual License - License provides access to live and on-demand video portal with unlimited capacity up to the host system for a 12-month period. The DEVOS software requires a customer-provided server with Windows 2019 server, at least a quad core CPU, at least 32GB RAM, at least 100 GB of storage (1 TB minimum storage recommended), and at least 1 GBPS of throughput. Performance depends on hardware and network. Mandatory remote access required for installation and support. Installation charges apply and are sold separately. Includes three Streamsie / OBS Encoder licenses. The DEVOS software license is eligible for annual renewal and includes ongoing software support and upgrades to new versions.	\$19,995.00			
30 - Media Server - Software	DEVOS - Software - Monthly	3020-SVDE-SM00-0000	DEVOS Software Monthly License - Monthly license provides access to live and on-demand video portal with unlimited capacity up to the host system for a period of less than 12-months. The DEVOS software requires a customer-provided server with Windows 2019 server, at least a quad core CPU, at least 32GB RAM, at least 100 GB of storage (1 TB minimum storage recommended), and at least 1 GBPS of throughput. Performance depends on hardware and network. Mandatory remote access required for installation and support. Installation charges apply and are sold separately. Includes three Streamsie / OBS Encoder licenses. The DEVOS software license is eligible for monthly renewal and includes ongoing software support and upgrades to new versions.	\$ 2,495.00			
30 - Media Server - Software	DEVOS - Software - Perpetual	3020-SVDE-S000-0000	DEVOS Software Perpetual License - Indefinite access to live and on-demand video portal with unlimited capacity up to the host system. The DEVOS software requires a customer-provided server with Windows 2019 server, at least a quad core CPU, at least 32GB RAM, at least 100 GB of storage (1 TB minimum storage recommended), and at least 1 GBPS of throughput. Performance depends on hardware and network. Mandatory remote access required for installation and support. Installation charges apply and are sold separately. Includes three Streamsie / OBS Encoder license. Software maintenance for subsequent years is optional but is highly recommended and available at an additional cost to secure ongoing access to support, feature enhancements, and bug fixes.	\$24,995.00			
31 - Media Server - Hardware	DEVOS - Rack Server 16	3001-SVDE-HR16-0000	DEVOS Rack Server 16 - live and on-demand video portal that supports up to 4 Gbps simultaneous video streaming. The Rack 16 Server (2RU) provides one SSD drive for the operating system, three (3) 2.4 TB drives for content configured as RAID-5 for 4 TB of content storage, Intel Xeon CPUs or equivalent, 32G RAM, four (4) 10/100/1000 Ethernet ports, sixteen (16) bay drives with at least twelve (12) available for expansion to up to 28 TB of content storage, 740W redundant power supply. Windows 2019 Server Standard. Five (5) year hardware warranty with 3rd party onsite hardware support. Includes three Streamsie / OBS Encoder license and 5000 SMS messages for one year. Hardware specifications subject to change but will not be less capable than the above.	\$32,995.00			
31 - Media Server - Hardware	DEVOS - Rack Server 16H	3002-SVDE-HR16-0000	DEVOS Rack Server 16H - live and on-demand video portal that supports up to 8 Gbps simultaneous video streaming. The Rack 16 Server (2RU) provides one SSD drive for the operating system, three (3) 2.4 TB drives for content configured as RAID-5 for 4 TB of content storage, dual Intel Xeon CPUs or equivalent, 64G RAM, four (4) 10/100/1000 Ethernet ports, sixteen (16) bay drives with at least twelve (12) available for expansion to up to at least 28 TB of content storage, 740W redundant power supply. Windows 2019 Server Standard. Five (5) year hardware warranty with 3rd party onsite hardware support. Includes three Streamsie / OBS Encoder license and 5000 SMS messages for one year. Hardware specifications subject to change but will not be less capable than the above.	\$39,995.00			
31 - Media Server - Hardware	DEVOS - Stinger Rack Server	3004-SVDE-HSTG-0000	DEVOS Stinger Rack Server - live and on-demand video portal that supports up to 2 Gbps simultaneous video streaming. Stinger is a 1U server with 2TBs of storage capacity. Quad-Core Intel® Xeon® Processor Non-redundant disks, power supply. Includes 3-year return to factory hardware warranty. Includes three Streamsie / OBS Encoder license.	\$17,995.00			
31 - Media Server - Hardware	DV Express Rack Server	3003-SVDE-HEXP-0001	DV Express Rack Server - live and on-demand video portal that supports up to 1 Gbps simultaneous video streaming. DV Express is a 1U server with non-expandable 2TBs of storage capacity. Quad-Core Intel® Xeon® Processor Non-redundant disks, power supply. Includes 3-year return to factory hardware warranty. Includes three Streamsie / OBS Encoder license. Limited to one Administrator user and does not have Active Directory capability.	\$ 8,995.00			
32 - Media Server - Cloud	DEVOS Cloud - Monthly Signage Service	3100-CLDE-CDSS-0000	DEVOS Cloud Signage Service - Monthly Cloud access to live and on-demand Digital Signage service. Works with DiscoverVideo SignStick hardware and includes 10GB of VoD Cloud storage. Storage and bandwidth are available at an additional cost. Provides the ability to design and display Google and Powerpoint slides, RSS feeds, Weather, and Recorded video. Each sign can be unique.	\$ 199.00

32 - Media Server - Cloud	DEVOS Cloud - Annual Signage Service	3100-CLDE-CDSA-0000	DEVOS Cloud Signage Service - Annual Cloud access to live and on-demand Digital Signage service. Works with DiscoverVideo SignStick hardware and includes 10GB of VoD Cloud storage. Storage and bandwidth are available at an additional cost. Provides the ability to design and display Google and Powerpoint slides, RSS feeds, Weather, and Recorded video. Each sign can be unique.	\$ 2,395.00			
32 - Media Server - Cloud	DEVOS Cloud - 100GB/500GB	3101-CLDE-C100-0000	DEVOS Cloud 100GB/500GB - Monthly License provides access to live and on-demand video portal hosted in DiscoverVideo cloud provisioned with unique customer-specific web address. Includes 100GB of storage and 500GB of streaming bandwidth. Includes three Streamsie / OBS Encoder. Additional storage and bandwidth available at additional cost.	\$ 795.00			
32 - Media Server - Cloud	DEVOS Cloud - 10GB/300GB	3100-CLDE-C010-0000	DEVOS Cloud 10GB/300GB - Monthly License provides access to live and on-demand video portal hosted in DiscoverVideo cloud provisioned with unique customer-specific web address. Includes 10GB of storage and 300GB of streaming bandwidth. Includes three Streamsie / OBS Encoder. Additional storage and bandwidth available at additional cost.	\$ 595.00			
32 - Media Server - Cloud	DEVOS Cloud - 1TB/1TB	3110-CLDE-C1TB-0000	DEVOS Cloud 1TB/1TB - Monthly License provides access to live and on-demand video portal hosted in DiscoverVideo cloud provisioned with unique customer-specific web address. Includes 1TB of storage and 1TB of streaming bandwidth. Includes three Streamsie / OBS Encoder. Additional storage and bandwidth available at additional cost	\$ 1,495.00			
32 - Media Server - Cloud	DEVOS Cloud - 2TB/2TB	3120-CLDE-C2TB-0000	DEVOS Cloud 2TB/2TB - Monthly License provides access to live and on-demand video portal hosted in DiscoverVideo cloud provisioned with unique customer-specific web address. Includes 2TB of storage and 2TB of streaming bandwidth. Includes three Streamsie / OBS Encoder. Additional storage and bandwidth available at additional cost.	\$ 1,895.00			
32 - Media Server - Cloud	DEVOS Cloud - 100GB/100GB Add-On	3101-CLDE-CSBW-0000	DEVOS Cloud 100GB/100GB Add-On - Adds 100GB of video storage and 100GB/month of streaming bandwidth to customer DEVOS Cloud service.	\$ 100.00			
33 - Media Server - StreamPump	Morning News Scorpion Kit	8700-KTMA-HSRP-0000	Morning News Scorpion Kit - Live streaming system for delivering live news announcements or events. Consists of Scorpion HD encoder appliance and StreamPump Mini appliance server. Can provide up to 100 live HD streams to computers or mobile devices. Scorpion and StreamPump Mini include a one year return to factory warranty. Includes one hour remote installation and training.	\$ 3,995.00			
33 - Media Server - StreamPump	Morning News Streamsie Kit	8700-KTMA-HSTM-0000	Morning News Streamsie Kit - Live streaming system for delivering live news announcements and/or events. Consists of Streamsie software encoder, Razor USB video adapter, and StreamPump Mini appliance server. Can provide up to 100 live HD streams to computers or mobile devices. Razor and StreamPump Mini include a one year return to factory warranty. Includes one hour remote installation and training.	\$ 2,995.00			
33 - Media Server - StreamPump	StreamPump Mini	3030-SVDE-HSMN-0000	StreamPump Mini, Small Appliance - Connects to DEVOS system to distribute live and VoD content to remote offices using stream replication and Intelligent Caching. StreamPump dramatically reduces the bandwidth needed to deliver content to remote office viewers. Designed for up to 100 remote viewers. 240 GB SSD cache storage. GigE network interface. Three year return to factory limited hardware warranty.	\$ 2,995.00			
33 - Media Server - StreamPump	StreamPump Standard	3030-SVDE-HSRK-0000	StreamPump Standard, Rack Mount Appliance -- Connects to DEVOS system to distribute live and VoD content to remote offices using stream replication and Intelligent Caching. StreamPump dramatically reduces the bandwidth needed to deliver content to remote office viewers. Designed for up to 1000 remote viewers. 1 TB Hard Drive cache storage. GigE network interface. Three year return to factory limited hardware warranty.	\$ 5,895.00			
34 - Media Server - Licenses	Closed Captioning AI - 1,000	3400-CCCS-C001-0000	Closed Captioning AI -1,000 Minutes - Close Caption up to 1,000 minutes of videos on your DEVOS system. The AI captioning software key permits users to upload any video and add searchable captions for education, training, and enhanced communications. The 1,000 minutes expire one year from purchase date.	\$ 250.00			
34 - Media Server - Licenses	Closed Captioning AI - 10,000	3400-CCCS-C010-0000	Closed Captioning AI -10,000 Minutes - Close Caption up to 10,000 minutes of videos on your DEVOS system. The AI captioning software key permits users to upload any video and add searchable captions for education, training, and enhanced communications.	\$ 2,500.00			
34 - Media Server - Licenses	Closed Captioning AI - 20,000	3400-CCCS-C020-0000	Closed Captioning AI -20,000 Minutes - Close Caption up to 20,000 minutes of videos on your DEVOS system. The AI captioning software key permits users to upload any video and add searchable captions for education, training, and enhanced communications. The 20,000 minutes expire one year from purchase date.	\$ 5,000.00			
34 - Media Server - Licenses	Closed Captioning AI - 5,000	3400-CCCS-C005-0000	Closed Captioning AI - 5,000 Minutes - Close Caption up to 5,000 minutes of videos on your DEVOS system. The AI captioning software key permits users to upload any video and add searchable captions for education, training, and enhanced communications. The 5,000 minutes expire one year from purchase date.	\$ 1,250.00
